

PSYCHOLOGY AND COUNSELING JOURNALS
available on TROY databases

Updated 11/8/07

To locate databases in which journals appear, go to database named *Journal Search* <[click here for details](#)>, type in title of journal and hit Search. What comes up is a list of the databases in which this journal appears in full text.

Note that while several databases may have the same journals, the dates of their holdings may be different. Be sure to check the date of the article you need against the dates of availability in the databases. Note also that some journals are embargoed, which means that there is some delay, which varies by title, from the time an issue appears in print until it appears in digitized form in the databases.

Note that within Journal search, the lines under the journal titles are not links to the databases. To access a journal itself, it is necessary to back out of *Journal Search* and select database of choice.
